

HOT FOIL MACHINE

SEMI AUTOMATIC HOT FOILING MACHINE (HYDRAULIC)

HF-5000

Bed Size : 28 x 36 (in inches)
Print Area : 15 x 20 (in inches)
Speed : 800 Sheets per hour
Pressure System : Hydraulic Function
Controller : PLC
Safety : Hand Safety Sensor
Heater : Heater 4000 Wats
Rewinder : Foiling Pulling 1 Motor
Motor : Hydraulic Motor 5 HP
Pressure : Hydraulic 80 Bar Pressure
Substrate : All Types of Paper, Leather, Plastic, Diary, Wedding Card and Plain Embossing & De-embossing and Die cutting possible.
Punching : 200 sheets can punch in one time (60 to 70 gsm paper with Pakki die)

HF-3000

Bed Size : 20 x 28 (in inches)
Print Area : 10 x 15 (in inches)
Speed : 1200 Sheets per hour
Pressure System : Hydraulic Function
Controller : PLC
Safety : Hand Safety Sensor
Heater : Heater 2500 Wats
Rewinder : Foiling Pulling 1 Motor
Motor : Hydraulic Motor 3 HP
Pressure : Hydraulic 50 Bar Pressure
Substrate : All Types of Paper, Leather, Plastic, Diary, Wedding Card and Plain Embossing & Deembossing etc.

HF-800

Bed Size : 16 x 20 (in inches)
Print Area : 4x 8 (in inches)
Heater Power: 750 Watts
Temperature Control: Digital Heater Control
Foiling System: Auto Moving Motor
Production Speed: Up to 750 impressions per hour
Height Adjustment: 0.39 x 9.84 inches
Power Requirement: 230V Single Phase
Machine Weight: 120 kg
